Retrieval practice

Testing yourself beats rereading because each retrieval strengthens the memory trace and shows what you have not learned yet. Testing yourself beats rereading because each retrieval strengthens the memory trace and shows what you have not learned yet. Testing yourself beats rereading because each retrieval strengthens the memory trace and shows what you have not learned yet.

Spacing

Space reviews out over days rather than cramming them into one sitting.

- Short gaps first
- Longer gaps later

Method	Effect size
Retrieval practice	0.61
Rereading	0.13

Interleaving

Mix problem types so you practise choosing the method, not only applying it.
